Camp Details

Please join us for a camp that will specialize in the teaching of kids from grades K-6. Kids at this age have different developmental needs as football players than older, more mature kids. We will focus on 6 areas to develop the young football player.

1. **Discipline.** We will focus on the discipline of being a football player. We will teach these young men how to be a 'coachable player'.
2. **Team.** Each player will be put on a team and will play games throughout the camp with the team. Special emphasis will be placed on team concept: each player on the team must do his part to be successful.
3. **Fundamentals.** The basic fundamentals will be taught to give these kids a solid foundation on which to go forward. Our fundamentals include, but are not limited to:

Blocking Tackling Passing Receiving
Running Skills Simple Agilities

4. **Running Program.** The focus will be on teaching the techniques that will help improve the speed of each camper. This program is the same used by the Jaguars football program.
5. **Competition.** All campers will compete in all areas of this camp. We will challenge each camper to improve every minute he is in camp.
6. **Fun.** While one goal of the camp is to improve each camper's football skills, emphasis will also be placed on having a fun 3 days.
